POWER PLANT

To Be Erected by Cochran Bros. On Lot Recently Purchased by Them Just East of the Maysville Cotton Mills.

Messrs. Cochran Brothers of this city have perfected all their arrangements and building plans and specifications will be given out to contractors this week for the erection of a modern steam-turbo electric generating power plant building, coal bunkers, etc., to be erected on the plot of ground situated just East of and adjoining the Maysville Cotton Mills of January & Wood Co., but separated from the main Cotton Mill buildings by a driveway and extending along Vine or Gray Alley from Second street to C. & O. Railroad.

The Power Station Building proper will be located on Vine or Gray Alley about half way between Second street and C. & O. Railroad. It will be of attractive, modern design and with up to date equipment for most economical steam and electrical generation. In the station will be provided space for future extension when needed. In general the station will consist of a modern boiler plant with 750 KW. or 1,000 Horse Power steam-turbo generating units in a separate room, the basement of which, containing condensing equipment, pumps, etc., will be on level with boiler room floor and open into same. The turbo generators will exhaust into condensers, circulating water for which will be cooled by a shallow spray pond located South of Plant building, but back some distance from Second street. This pond or spray pan will be more ornamental than otherwise having the effect of a fountain in the yard. Water is thus over and over becoming distilled and causing no scale in boilers. The only water purchased or provided is to replace that lost by evaporation.

To the North of Station and between the building and C. & O. Railroad siding will be located coal bunkers with capacity for storage of six months supply of coal. Facilities for unloading coal will be designed for the greatest economy and efficiency in handling coal from cars or barges in the storage plant. A superior advantage of the site is that coal from C. & O. or river can be unloaded and stored with equal ease and efficiency.

The re-enforced concrete floor of that portion of plant containing all electrical equipment will be from two to three feet above the level of the 1913 flood.

The boiler room floor will be much lower and level with the yard or floor of coal bunkers. Around the entire plant building and coal bunkers, however, will be run a continuous and unbroken re-enforced concrete wall that will keep all flood water out to above 1913 level. To provide for any possible seepage during floods several pump pits connected to an ejector pit in boiler room will be provided.

Preliminary surveys and plans have been under consideration for some time past resulting in decision several months ago to build the plant this year. Practically all of the equipment of the plant has been contracted for.

A new company will be formed and incorporated to own and operate the Power Plant. Contracts for the entire-out-put of the Plant have been agreed upon with January & Wood Co., Maysville Gas Co., and Maysville Street Railroad and Transfer Co. A 2200 Volt, 60 Cycle, 2 Phase Alternating Current will be generated and delivered to the above companies at the terminals of the Switchboard in the Power Plant.

January & Wood Co. will install motors and convert all its power requirements to electric motor drive. After having been expanded from 200 pounds to 10 pounds pressure for generating electric power, steam will be extracted and sold January & Wood Co. at 10 pounds pressure for their heating and drying requirements. When there is no demand for low pressure steam in the Cotton Mill all the steam will pass through all stages of the turbine and into condensers at 28" Vacuum Returns from the mill heating and dye house systems will be carried back to plant and condensation fed to boilers.

The Maysville Gas Co. will change its distribution system from 2 Phase to 3 Phase, the latter being the more modern and standard. The obtaining of its source of supply at the new site instead of the old plant will have the effect of doubling the carrying capacity of all its present overhead copper in main distributing circuits on account of the distance saved in transmission.

The new Plant is primarily designed for public service and will be a great asset to the City of Maysville. No city of 50,000 inhabitants will have any better. New York and Chicago bankers and contractors identified with public utility properties made attractive proposals to finance and build the Plant. Their representatives visited Maysville last fall and winter and made personal investigation of its merits. It was decided, however, to handle it all locally. The Plant will be owned as well as used in Maysville.

Continued, abundant and reliable Electric Light and Power Service for all purposes is assured to citizens of Maysville and will be available upon demand for any future growth. The new Plant will not be equipped and ready for service before January 1, 1918. A 1,000 Horse Power Steam-Turbine for which contract was signed December 8, 1916, is not due for delivery until the latter part of October, 1917. Work on Plant building, etc., will be begun at once or as soon as bids can be received and contracts let.

ATTEMPTED TO SHOOT HUSBAND

Several nights ago, the residents of the city and suburbs near the Independent Warehouse were aroused by the report that a woman, well known in the community, had attempted to shoot her husband. It developed that the cause of the trouble was, as usual, over a third woman. A young girl, about 20 years of age, had been wronged by a man, and she accused the woman's husband of the crime. The man told his wife of the accusation and she secured a shotgun and threatened to shoot him. He knocked her down and wrested the gun from her hands. The affair created a great deal of excitement in the community.

WILL WED TODAY

The wedding of Mr. Keith Browning of this city to Miss Marie Nonnez of Cincinnati, will take place today at the home of the bride's parents, Mr. and Mrs. Alfred Nonnez. The wedding will be a very quiet one, only a few of the immediate friends and relatives of the couple being present. Mr. Browning is the son of Mr. E. P. Browning of this city. Following a wedding trip they establish their home in this city. Mr. Browning having associated himself with the Ohio Valley Pulley Works.

Paid \$105.00 for a Studebaker wagon 38 years ago

IN 1876 Mr. R. F. Dewey of Millersburg, Ind., bought a Studebaker farm wagon for \$105. Dividing \$105 by 38 years it will be seen that Mr. Dewey's Studebaker cost him—to date—\$2.77 a year.

—and, as the wagon is still giving good service, every additional year that Mr. Dewey uses his wagon still further reduces the cost per year.

You can't beat this for an investment.

We carry a line of Studebaker wagons just as strongly made, just as reliable, as the Studebaker wagon Mr. Dewey bought 38 years ago.

ARE YOU MISUNDERSTOOD?

Every little while we read of people who have committed suicide because they were so lonely, because nobody took an interest in them, nobody understood them, nobody loved them, they had no friends.

I know a young woman who has such an obsession. She says she has never been able to make real intimate friends. She does not care much about people. They do not interest her. Yet she has a passionate desire for sympathy. She craves love, but she has none to give. She can not, seemingly, understand why people do not like selfishness, why they are not attracted to those who are always thinking about themselves, who are always absorbing, never giving out sympathy, helpfulness, or love. She does not realize that all of the qualities which make one beloved and understood are reciprocal. Those who receive much give much. Those who are loved much love much.

If you feel that nobody understands or sympathizes with you, you may be sure that the trouble is with yourself. Your mental attitude is not right, you do not face life in the right way, with the right spirit.

Now, one of the best remedies I know of for this "misunderstood" malady is to get very busy with your career, fall in love with your work. If you have no work, get some. There is no place in this busy world for idlers. An ambition to be somebody and stand for something in the world, the determined effort to make yourself felt, will work marvels in the way of changing your disposition and your outlook on life.

Dead-in-earnestness, a soul on fire with enthusiasm in the service of humanity, has cured multitudes of "misunderstood" victims.—Orbison Sweet Marden in Pictorial Review.

The milk of human kindness looks more or less off color after it has been skimmed by an ingrate.

COMMENCEMENT EXERCISES

Of the Maysville High School This Year Will Be Out of the Ordinary
—Splendid Program Arranged For Night of May 21.

The commencement week exercises of the Maysville High School this year promises to be out of the ordinary, a splendid program having been arranged. The idea carried out will be something new in this county.

On Sunday, May 20, the baccalaureate sermon to the graduates will be preached by the Rev. J. L. Clarke, president of the Kentucky Wesleyan College at Winchester, Ky. The service will be held in the Baptist Church.

On Tuesday, May 21, the annual class day exercises will be held.

The commencement exercises proper will take place Tuesday, May 22. All of the speakers will illustrate their subjects on the stage. The title of the program is "Preparedness," this idea being carried out during the exercises.

The following will be the program rendered:

"From Wampum to Wall Street," (Financial).....Susie Clarke
"From Phylloides to Christy Matheson" (Athletics).....Dawey Disher

"Steeds of the Air" (Physics).....Pearce West

Demonstrating the Gyroscope, Electricity and Aeroplanes

A Medicine for Women

For Forty Years Lydia E. Pinkham's Vegetable Compound has Relieved the Sufferings of Women.

It hardly seems possible that there is a woman in this country who continues to suffer without giving Lydia E. Pinkham's Vegetable Compound a trial after all the evidence that is continually being published, proving beyond contradiction that this grand old medicine has relieved more suffering among women than any other medicine in the world.

Mrs. Kieso Cured After Seven Month's Illness.

Aurora, Ill.—"For seven long months I suffered from a female trouble, with severe pains in my back and sides until I became so weak I could hardly walk from chair to chair, and got so nervous I would jump at the slightest noise. I was entirely unfit to do my housework. I was giving up hope of ever being well, when my sister asked me to try Lydia E. Pinkham's Vegetable Compound. I took six bottles and today I am a healthy woman able to do my own housework. I wish every suffering woman would try Lydia E. Pinkham's Vegetable Compound, and find out for herself how good it is."—Mrs. KARL A. KIESO, 596 North Ave., Aurora, Ill.

Cincinnati, Ohio.—"I want you to know the good Lydia E. Pinkham's Vegetable Compound has done for me. I was in such bad health from female troubles that I could hardly get off my bed. I had been doctoring for a long time and my mother said, 'I want you to try Lydia E. Pinkham's Vegetable Compound.' So I did, and it has certainly made me a well woman. I am able to do my housework and am so happy as I never expected to go around the way I do again, and I want others to know what Lydia E. Pinkham's Vegetable Compound has done for me."—Mrs. JOSIE COFFIN, 1668 Harrison Ave., Fairmount, Cincinnati, Ohio.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

DRASTIC INHERITANCE AND LIQUOR TAXES URGED

Washington, May 7.—The House ways and means committee today wrote new and drastic liquor and inheritance taxes into the war revenue bill, but adjourned tonight still in disagreement over many sections and about \$200,000,000 short of the \$1,800,000,000 it has voted to raise. The leaders hope to complete the measure tomorrow and a proposed retroactive income tax amendment, which would yield \$140,000,000 during the coming year, and other far-reaching proposals are held in abeyance to be inserted in the eleventh hour, if necessary to make up the desired total.

Proposed taxes on whiskey were double the amount of \$1.10 now in effect.

Mrs. Emma McCann and daughter, Miss Naomi, were shopping in Maysville Thursday.

Mrs. Henry Webster has returned from a pleasant visit in Manchester, Ohio.

Mr. Jesse Kirkland, who bruised his thumb so severely, while operating a corn drill about a week ago, succumbed to bloodpoison Sunday afternoon, despite all efforts to save his life.

The Official Board of the P. T. A. met at the home of the Second Vice President Friday afternoon and decided to hold the next regular meeting at 7:30 p. m., Friday, May 11, instead of in the afternoon as formerly announced. Everyone is cordially invited to be present at this important meeting.

G. W. Hook and family, L. D. Nichol and Miss Rena Mae Corryell were members of a party who visited Glen Springs College Sunday last. Before returning they called on friends in Vanceburg and enjoyed to the utmost the ride over Lewis county's model road, pronouncing it the best they ever traveled.

AMERICA

(By Frances Goggin Maltby)

America, so broad, so rich, so great,
We love thy freedom, we adore thy state!

Do birds sing sweeter beneath other skies?

Are other nations more merciful, more wise?

Hath ever brighter sunshine met your glance,
In "Merry England" or in "Sunny France"?

(Thus hath we oft times writ in days ago,
How will that ballad read to those unborn?)

Poor "Merry England" with her harrowed heart,
A melancholy burden is her part;

And "Sunny France," alas! the sun stands still
O'er her fair land while gapping trenches fill.

Machines of death make of fair France a tomb
What boots the sun? It cannot lift the gloom.

Look then once more upon our land;
The victims, too, of unpreparedness be?

No, no. Rise up, make ready for the fight—
For Liberty is known by her great light!

Machines of death, God grant we may not see,
But we must face this menace on the sea.

U. S. BOYS JOIN FRENCH SERVICE
Paris, May 7.—With the entrance of the United States into the war, the American field ambulance corps, which heretofore confined its duties to ambulance work along the front, has decided to develop two important new branches of its work. These are:

"First—A military transport service in which the Americans will have charge of the transportation of ammunition and field supplies at main points where offensives are in progress.

"Second—A military school at which the Americans will receive special training under French officers leading to appointment as officers of the French army after a few weeks of intensive training."

TIME IS THE TEST

The Testimony of Maysville People Stands the Test.

The test of time is what tells the tale. The public soon finds out when misrepresentations are made, and merit alone will stand the test of time.

Maysville people appreciate merit, and many months ago local citizens publicly endorsed Doan's Kidney Pills; they do so still. Would a citizen make the statement which follows unless convinced that the article was just as represented? Below is testimony such as the sufferer from kidney ills is looking for.

Fred Dresel, tailor and justice of the peace, 1235 E. Second St., Maysville, says: "I was troubled by inflammation of the bladder and annoyance from my kidneys. The kidney secretions burned in passage and often were retarded. I had severe pains across the small of my back which greatly interfered with my work. Doan's Kidney Pills, which I got at Wood & Son's Drug Store, gave me prompt relief."

Mr. Dresel gave the above statement on February 6, 1908, and on November 14, 1916, he added: "I have had the same faith in Doan's Kidney Pills today as ever, for I haven't had any trouble with my kidneys since I last recommended them."

Mr. Dresel is only one of many Maysville people who have gratefully endorsed Doan's Kidney Pills. If your back aches—if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for DOAN'S KIDNEY PILLS, the same that Mr. Dresel has twice publicly recommended—the remedy backed by home testimony, 50c all stores. EVERY LETTER TO BE ADVERTISEMENT OF "LIBERTY LOAN"

Washington, May 7.—The unfathomed possibilities of the United States mails as a medium of government publicity are to be developed at once to bring home to every person in the country the need of subscribing to the Liberty Loan.

Every letter of the many millions that pass daily through the mails soon is to bear a special cancellation stamp of striking design to notify all persons receiving mail that the nation is calling for contributions to the big bond issue. Every letter box of the hundreds of thousands in the country is to be placarded with posters announcing the loan and the need for contributions. Every post-office is to display posters prominently giving full information.

THE UNIVERSAL CAR
320,817

Have been built and actually delivered to retail buyers since August 1, 1916. These figures—320,817—represent the actual number of cars manufactured by us since August 1st, 1916, and delivered by our agents to retail buyers. This unusual fall and winter demand for Ford cars makes it necessary for us to confine the distribution of cars only to those agents who have orders for immediate delivery to retail customers, rather to permit any agent to stock cars in anticipation of later spring sales. We are issuing this notice to intending buyers that they may protect themselves against delay or disappointment in securing Ford cars. If, therefore, you are planning to purchase a Ford car, we advise you to place your order and take delivery now. Immediate orders will have prompt attention. Delay in buying at this time may cause you to wait several months. Enter your order today for immediate delivery with our authorized Ford agent listed below and don't be disappointed later on.

HOOPE'S CASE UP FOR TRIAL

A Norwood, Ohio, paper says: Scores of Elmwood people were subpoenaed as witnesses in the divorce suit of Grace Hoopes, 102 Sycamore street against James Hoopes, Elmwood plumber, before Judge Hoffman Tuesday.

The Hoopes were married in 1892 and separated last December. The wife charges cruelty and names one Grace Bradford, her niece, as the cause of the trouble. The Hoopes have four children. It is expected the case will be settled out of court.

Hoopes is a Maysville man. He is the son of Mrs. Mary E. Hoopes of East Front street.

CITY NOT BANKRUPT

Ten Thousand Dollars of Emergency Bonds Issued Last Evening by Council — School Board Will Be Paid — Tax Supervisors Elected.

The City Council in an adjourned meeting last evening in the Council Chamber, all members being present except Mr. Hunsicker.

Mr. T. M. Russell, chairman of the Ways and Means Committee offered a resolution for the issuance of \$10,000 in emergency bonds, \$8,300 of which, is to be paid to the Board of Education as needed, the remainder to be used to take up sewer bonds. His first reported that his committee had gone over the school bond question very thoroughly that afternoon and that there was but one course, to pay the bonds. The resolution was passed as read. None of the councilmen seemed to think that the city was in a bankrupt condition as was reported yesterday.

On motion the trunk sewer at the foot of Poplar street which has become choked with sediment from the river, was ordered opened.

Mr. W. F. Thomas, chairman of the Laws and Ordinance Committee, presented an ordinance to repeal an ordinance of date of November 4, 1912, regulating the tapping of sewers. The ordinance was received, the rules suspended, the ordinance placed on its second reading and final passage and adopted. Persons living within the city limits now have the privilege of tapping any city sewer without cost to them. The original price for tapping a sewer was \$20.

On motion all persons, who have paid for sewer tap within the last sixty days were allowed their money refunded.

The Council then proceeded with the election of a Board of Equalization. Messrs. J. C. Rains, J. H. Bryant, Con Flanagan, M. F. Williams, William Daugherty and Elmer Bridges were placed in nomination. The first ballot stood Rains, 10; Bryant, 6; Flanagan, 4; Williams, 3; Daugherty, 4; Bridges, 7. Messrs. Rains and Bridges were declared elected on the first ballot and Mr. Flanagan on the fourth.

On motion the Proposition and Grievance Committee was authorized to secure a filing cabinet for the City Clerk in which to file papers.

On motion the bridges at the extreme ends of the city, both of which are in bad repairs, were ordered fixed by the Internal Improvement Committee.

On motion the Alms Committee was instructed to buy a flag pole and to erect same with suitable flag on the Alms House property.

On motion Council adjourned.

STRUCK GIRL

Robert Hay, the 15 year old son of Mrs. Fannie Hay of January street, was before Judge Rice on yesterday afternoon, charged with striking Hazel Reed, daughter of J. E. Reed. The girl was passing the Harrison store on East Fourth street when the boy struck her. He claims that she maliciously stepped on his foot. Judge Rice gave him a good lecture and allowed him to go.

Never put off until tomorrow the "touch" that should be made today.

SCHOOL NEWS

Night Session of High School

Thursday evening beginning at 7 o'clock the High School will have an open session of its regular work for the inspection of the city.

There will be the chapel exercises beginning at 7:15 at which time all students will file to the auditorium where we hope to have seated 300 or more of the patrons and friends of the school. The singing will be in charge of Miss Williams, the music supervisor. After some announcements students will file to their respective class rooms at 7:35 which the visitors are asked to attend.

Work will be in progress in all of the various school activities—English, History, Latin, German, Literary Digest, Algebra, Geometry, Book-keeping, Stenography, Typewriting, and Cooking. At the end of 40 minutes, classes will change just as is done in the regular day sessions, that you may know how modern High School is conducted and see your own school working under normal conditions.

Programs of the evening's work mimeographed by some of the commercial students will be given to our visitors as they enter the auditorium, from this you can decide what work you prefer to inspect.

There will be some of the work on exhibition in the various rooms of the High School Department, while on the first floor will be exhibits of the commercial and sewing classes.

All are invited to visit the Domestic Science Laboratory in the basement where you will see girls of the cooking classes demonstrate the various steps in the production of "Parker House Rolls." Some will be setting the yeast, some kneading the dough, others shaping the rolls and baking them and yet others serving the hot rolls and butter to the visitors. We have chosen this one problem for the cooking class as illustrative of the way the girls master the different cookery problems and, too, we prefer to give a comprehensive demonstration of one of the many culinary arts rather than a superficial view of several.

We are especially anxious that you make your arrangements to be with us Thursday and be seated in the auditorium before 7:15. We feel that you will enjoy the evening and I know that we will appreciate your attendance.

For the convenience of our business men, two of the senior stenography students have been detailed to take dictation and will write letters for you the second period. We hope to make the school a sort of clearing house for those wanting office help. Let us give you, Mr. Business Man, the information that will help you in making an intelligent selection of your office help. We can also be of assistance in recommending girls of the Colored High School, who have been trained in cookery, serving, decorating, etc., by our colored domestic science teacher, Miss Woodie who was formerly connected with the Tuskegee Institute.

W. J. CAPLINGER.

OFFICERS' RESERVE CORPS

The following from a letter received by Mr. J. W. Elgin, from one of Maysville's young men who has made good in the legal profession in the far West, will prove very interesting to a large number of friends in and about this city:

"I know you will be interested to learn that I have been found qualified for a Lieutenantcy in Infantry, Officers' Reserve Corps, and expect to be called into the service any day. I understand that some of the boys at home are doing their share also. With kindest regards to all the family, I remain,

"Sincerely,
"W. H. WADSWORTH."

PROGRESS

We have an exhibition at the north-east corner of our bank building, a safe which was used in a bank at Washington, Ky., considerably over 100 years ago.

Inside our banking room we have installed one of the most modern fire and burglar proof safes made. You will be greatly interested in seeing its massive construction, the ingenious and faultless locks, the individual safety deposit boxes and all the arrangements for the comfort and convenience of users.

You are invited to come in and let us show you the progress made in the last 100 years in vault construction. Whether you want a box or not, you are welcome.
